EVERY DETAIL IN COUNTRY SPEAKS OF QUALITY AND CARE

“ My parents had G Plan, and as kids my brother and I put it through some punishing treatment. It's still there and looking good in the family home. Now I'm buying G Plan for my own house, and I expect it to last just as long. ”

As you explore the Country Collection, you'll discover stunning detailing, like smoothly-expanding dining tables, a velvet-lined cutlery tray in the sideboard and the option of subtle down lighting in our glass-fronted pieces. Cabinets are finished with solid doors and concealed hinges.

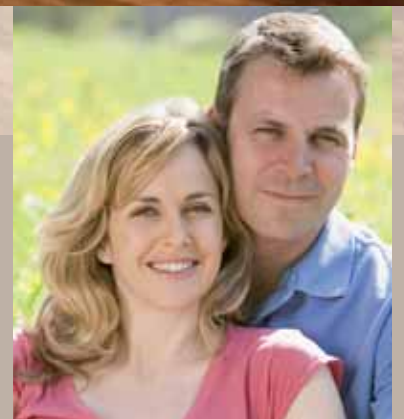

BEAUTY IS IN THE DETAIL

Living, dining, entertaining - the new Country Collection by G Plan offers beautiful furniture for so many rooms and spaces in your home. Choose a fine circular or rectangular table as the centrepiece for your dining area, and add ladder-back or roll-back chairs. Make the most of treasured possessions with beautiful, practical bookcases, sideboards and console tables.

The Country Collection is made using natural, responsibly sourced light oak showing the natural beauty of the carefully selected grains. And new Country displays the traditional craftsmanship and attention to detail you'd expect from G Plan Cabinets.

#### THE G PLAN 10 YEAR GUARANTEE

We're so confident in the quality of our materials and craftsmanship that we now offer an industry - leading 10 year guarantee, covering all potential defects in manufacturing and structure.

We're proud to say that our guarantee is very rarely used, but when you buy, you will have the peace of mind of knowing that your investment is protected. Should we need to do so, we will repair or provide a replacement for your piece, subject to certain simple conditions.

#### CARING FOR YOUR G PLAN COUNTRY COLLECTION FURNITURE

The Country Collection is as practical as it is beautiful, and very easy to care for. To clean the French oak surfaces, we suggest you avoid proprietary products and simply wipe with a damp cloth, using a second dry cloth to remove any lingering moisture.

The natural characteristics of the wood ensure your furniture will age beautifully, although we recommend that you avoid prolonged exposure to direct sunlight and move your display objects from time to time.

Whilst every care is taken in the selection of timbers and veneers we cannot guarantee a perfect match between pieces although over time they should mellow to a coordinated look. The natural characteristics of wood means that it will have knots and differing grains, whilst we try to match these on each piece it is not always possible to guarantee a match from one piece of furniture to another.
